UNIVERSITY EXAMINATIONS 1981

Notes on Statistical Tables

- 1. The statistics include candidates for Tripos, Qualifying, Preliminary and Ordinary examinations whether undergraduates, affiliated students or graduates.
- 2. The statistics exclude candidates who took examinations as candidates 'not for honours' (with the exceptions Part III of the Mathematical Tripos and Ordinary examinations); candidates who have received allowances made by the Applications Committee of the Council of the Senate; and candidates for the following:-
 - (i) Diploma and Certificate examinations
 - (ii) Oral examinations in Modern Languages
 - (iii) Mus.B. examination
 - (iv) M.B. and Veterinary examinations
 - (v) The examination for the Course on Development
 - (vi) Unclassified preliminary examinations (in History, Classics, Social and Political Sciences and Economics) and the Qualifying Examination in Education. These are shown on separate tables so that they shall not affect the percentages in the general tables.
- 3. In Part III of the Mathematical Tripos, a pass with distinction has been counted as Class I, a pass as Class II, division i. This applies whether or not the candidate is a candidate for honours.
- 4. The class obtained in each language by candidates for Part I of the Modern and Medieval Languages Tripos has been counted as a half class.
- 5. The heading OTHER includes (but does not differentiate):-
 - (i) Candidates who failed their examinations
 - (ii) Honours candidates who have received an allowance from the Examiners (but NOT the Council - see 2 above).

* The introduction of Part IA of the Natural Sciences Tripos and of the Medical Sciences Tripos in 1966 accounts for the large increase in the Undivided Second Class.

**Candidates who were taking examinations as candidates 'not for honours' (approx. 113); candidates for the B.Ed degree (115); and candidates receiving allowances from the Applications Committee of the Council of the Senate (approx. 65), were excluded from the 1972 statistics although they were included in the past. Candidates for the LJ.B examination (61) were included, in 1972, for the first time.
