## *Notes on Statistical Tables*

1. Subject to the exceptions listed below, the statistics include all candidates for Tripos and Preliminary examinations whether undergraduates, affiliated students or graduates.
2. The statistics exclude:
  - a) Candidates who took examinations as candidates 'not for honours' (with the exception of Part III of the Mathematical Tripos).
  - b) Candidates who have received allowances (Deemed to have Deserved Honours (DDH) or granted an allowance towards the Ordinary degree) by the Applications Committee of the Council. (Allowances may be granted to candidates who have been ill or who have extenuating circumstances and have thus been prevented from taking an examination or whose performance has been adversely affected as a consequence.)
  - c) Candidates for: (i) Diploma and Certificate examinations; (ii) Oral examinations in Modern Languages; and (iii) Mus. B. examination.
  - d) Unclassified preliminary examinations (in History, Classics and Education Studies) and the First Examination for the Degree of Bachelor of Theology for Ministry. These results are shown separately in Table 9a so that they shall not affect the percentages in the main tables.
  - e) The results for students who have spent the year studying abroad at the Massachusetts Institute of Technology or studying in Paris as part of the Double Maîtrise. These results are shown separately in Table 12 so that they shall not affect the percentages in the main tables.
3. The heading 'Other Results' includes (but does not differentiate between):
  - a) Candidates who failed their examinations.
  - b) Honours candidates who have received an allowance from the Examiners (but NOT the Applications Committee of the Council, who are excluded - see 2b above).
  - c) Candidates about whom an application has been submitted to the Applications Committee but who were still awaiting a decision at the time these tables were produced.
  - d) Candidates who have been granted a deferral.
4. In Part III of the Mathematical Tripos, a pass with distinction or merit has been counted for statistical purposes as Class I, a pass as Class II, division (1). This applies whether or not the candidate is a candidate for honours.
5. In Part II of the Manufacturing Engineering Tripos and Part IIB of the Engineering Tripos, a pass with distinction has been counted for statistical purposes as Class I, a pass with merit as Class II, division (1), a pass as Class II, division (2).
6. The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos have been counted as half a class. This explains why, in some years, the number of cases under each class division for this tripos and in the totals are not whole units.

7. Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered.

Please note that these statistics are provided for internal purposes only. Information relating to specific Colleges will not be released without their consent, unless there is a legal requirement to do so. Tables giving figures for the whole University will be published in the 'Student Numbers' special edition of the *Cambridge University Reporter*, and may then be released outside the University with suitable acknowledgement.
