

## Notes to statistical tables

### **1 Undergraduate examination results tables**

#### **1.1. Census date for examination results**

The census date for this publication is 31 July of each academic year and the tables do not reflect any amendments to the results made at a later date. Thus, the results of the candidates who, on 31 July, were not classed and were still awaiting a decision from the Applications Committee are not included in any of the tables. If a candidate successfully re-sat all the failed components of their examination by 31 July, their results are included in the relevant class category; otherwise their results are included in the 'Other results' category (see note 1.5 below).

#### **1.2. Categories of results included or excluded**

The examination results tables include only the results of the examinations leading to B.A., M.Eng., M.Math. and M.Sci. qualifications (Tripos results); examinations leading to the B.Th. qualification; and the examinations leading to M.B. and Vet.M.B. qualifications (Final M.B. and Final Vet.M.B. examination results).

All of the examination results tables exclude:

- candidates who took examinations but were not aiming for a qualification, e.g. all incoming exchange and other visiting students and Cambridge graduates reading Triposes;
- candidates for oral examinations in Modern and Medieval Languages, Asian and Middle Eastern Studies and Oriental Studies.

Since 2012-13 students have the option of recording gender as 'Other'. Fewer than five students fall within this category and data for these students are excluded from all tables to ensure that individuals cannot be identified (owing to the small number in this category and the detailed presentation of data).

#### **1.3. Tripos system**

Cambridge undergraduate courses leading to a B.A. qualification are commonly referred to as Triposes. Most Triposes are divided into 'Parts' lasting one or two years:

- in some subjects there is a two-year Part I (often divided into Part IA and Part IB) and a one-year Part II;
- in others a one-year Part I is followed by a two-year Part II;
- in Engineering, Mathematics and some science subjects there is also a further one-year Part (Part IIB or Part III) that leads to an M.Eng., M.Math. or M.Sci. qualification.

Each Part of the Tripos is self-contained, i.e., there is no averaging of Tripos results to give an overall class for the degree awarded.

#### **1.4. Classified and unclassified examinations**

Most of the Tripos examinations are classified, i.e., the names of successful candidates are arranged in three classes, of which the second class can be divided into two divisions or can remain undivided. However, there are several Tripos examinations that are unclassified, i.e., the names of successful candidates are arranged in one class and it is noted if a candidate has passed with distinction or merit:

- Computer Science Tripos, Part III;
- Engineering Tripos, Part IIB;
- Manufacturing Engineering Tripos, Part IIB;
- Mathematical Tripos, Part III.

All Parts of the Final M.B. and Final Vet.M.B. examinations are unclassified.

#### **1.5. Other results**

The heading 'Other results' in all examination result tables includes, but does not differentiate between:

- candidates who failed their examinations;
- candidates for Part II and Part III of Final M.B. and Part III of Final Vet.M.B. examinations who failed any part of these examinations;
- candidates who have received allowances (deemed to have deserved honours (DDH) or were granted an allowance towards the Ordinary degree) or have been permitted to take a reduced number of examinations by the Applications Committee of the Council. Allowances may be granted to candidates who have been ill or who have other extenuating circumstances and have thus been prevented from taking an examination or whose performance has been adversely affected as a consequence.

#### **1.6. Modern and Medieval Languages Tripos Part IA**

The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class. This explains why in some tables the numbers of candidates under each class division for this Tripos and in the totals are not whole units.

#### **1.7. Pre-clinical medical and veterinary students**

Third-year pre-clinical medical and veterinary students are included under the Tripos examination for which they were entered.

### ***2 Degrees tables***

Table DG\_01 provides the number of degrees conferred. It does not include information about qualifications that are awarded rather than conferred, for example the Postgraduate Certificate in Education (P.G.C.E.).

Table DG\_02 provides the number of degrees completed. Completion of the degree indicates that the candidate successfully fulfilled all academic requirements for their degree and can therefore proceed to having the degree conferred or awarded. It does not mean that the candidate has necessarily had the degree conferred or awarded – thus there is a discrepancy between the numbers given in Tables DG\_01 and DG\_02.

o **Notes on Table EXM\_01:**

\* The last parts of these Triposes (Part III of the Computer Sciences Tripos and Mathematical Tripos, Part IIB of the Engineering Tripos and Manufacturing Engineering Tripos) are unclassified and are thus excluded from this table. See Table EXM\_03 for the results of these Triposes.

1) The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

2) Pre-clinical medical and veterinary students read the Medical and Veterinary Sciences Tripos in years one and two, but read a different Tripos in year three. In the third year they are included under the Tripos examination for which they were entered.

Notes on Table EXM\_02:

\* The last parts of these Triposes (Part III of the Computer Sciences Tripos and Mathematical Tripos, Part IIB of the Engineering Tripos and Manufacturing Engineering Tripos) are unclassified and are thus excluded from this table. See Table EXM\_04 for the results of these Triposes by gender.

1) The class obtained in each language by candidates for Part IA of the Modern and Medieval Languages Tripos has been counted as half a class, thus the numbers of candidates in some class categories for this Tripos and in the totals are not whole units.

2) Pre-clinical medical and veterinary students read the Medical and Veterinary Sciences Tripos in years one and two, but read a different Tripos in year three. In the third year they are included under the Tripos examination for which they were entered.

**Note on Table EXM\_03:**

The University recognises that in Part III of the Mathematical Tripos both a Pass with Distinction and a Pass with Merit are equivalent to a First Class in a Classified Tripos.

**Notes on Table EXM\_05:**

- 1) The 'Other results' category includes candidates for Part II and Part III of the Final M.B./Vet. M.B. Examinations who failed to pass one or more of the components of those Parts.
- 2) If by 31 July a candidate successfully re-sat all components of the examination, their results are included in the 'Pass' category. Otherwise their results are included in the 'Other results' category.

This tables does not include information about some of the qualifications that are awarded rather than conferred, e.g. the Postgraduate Certificate in Education (P.G.C.E.).

Students can confirm more than one degree at the time, e.g. Bachelor of Arts and Master of Engineering/Mathematics/Natural Sciences for students on integrated Masters degrees or Bachelor of Medicine and Bachelor of Surgery for clinical medicine students. In such cases both degrees are counted separately in the above tables.

Post Doctorate awards as well as Doctorates awarded by special regulation are not included in these tables.

**Notes:**

Completion of the degree indicates that the candidate successfully fulfilled all academic requirements for their degree and can therefore proceed to having the degree conferred or awarded. It does not mean that the candidate has necessarily had the degree conferred or awarded – thus there is a discrepancy between the numbers given in Tables DG\_01 and DG\_02.

Students can complete more than one degree at the time, e.g. Bachelor of Arts and Master of Engineering/Mathematics/Natural Sciences for students on integrated Masters degrees or Bachelor of Medicine and Bachelor of Surgery for clinical medicine students. In such cases both degrees are counted separately in the above tables.

Post Doctorate and Higher Doctorate awards as well as Doctorates awarded by special regulation are not included in these tables.
