# Notes on Statistical Tables 1980-81

1. UGC definitions (attached as appendices) have been used throughout unless otherwise stated.

2. Overseas students are those who are overseas for the purpose of fees according to the 1967 UGC definition and includes EEC students paying the home rate of University Fees.

3. Undergraduate numbers: Table 80/AS/10 All undergraduates in residence were counted. Distribution between subject differs from load distribution as follows: third year medical and veterinary students were included under the headings 'Medicine' or 'Veterinary Medicine' irrespective of the Tripos examination for which they were entered; candidates for the Qualifying Examination in Education were included under the heading 'Education' (although the majority take papers from other Tripos examinations). All other students were included under the heading most appropriate to the broad subject of their examination entry.

4. Undergraduate Student Load: Tables 80/AS/12 and 13 All undergraduates in residence were counted. The calculating of student load differs from the method used for counting student numbers in the following respects:

   (i) Third year medical and veterinary students entered for examinations other than medicine were counted as a load on the Faculty/Department appropriate to the Tripos examination for which they were entered.

   (ii) Candidates for the Qualifying Examination in Education were counted as a load of 0.33 on the Department of Education and 0.67 on the Department(s) appropriate to the Tripos papers the candidate was offering or the special papers (not from a Tripos) which certain candidates were offering.

   (iii) Candidates for Triposes such as English or History were counted as a load of '1' on the Faculty/Department concerned.

   (iv) Other candidates were counted as fractional load on Departments appropriate to the papers they were offering. Thus, a candidate for Part IA of the Natural Sciences Tripos offering Chemistry, Crystalline Materials, Physics and Mathematics was counted as a load of 0.25 on Chemistry, 0.25 on Physics, 0.25 on Mathematics, 0.125 on Mineralogy and Petrology, 0.125 on Metallurgy and Materials Science; i.e. a load of 0.625 on UGC Group 12 (Physical Sciences). 0.125 on UGC Group 06 (Engineering) and 0.25 on UGC Group 11 (mathematics) - results being given to one place of decimals.

   (v) To show teaching load on Departments as accurately as possible - the load of Crystalline Materials is distributed equally between Mineralogy and Petrology and Metallurgy and Materials Science, i.e. Group 12 (Physical Sciences) and Group 06 (Engineering); the load of Biology of Cells is distributed equally among Botany, Genetics, Zoology and Biochemistry, i.e. 0.75 to Biological Sciences and 0.25 to Preclinical Medicine. Elementary Mathematics for Biologists and Biological Mathematics are distributed equally between Mathematics (Group 11) and Applied Biology (Group 10: Biological Sciences); Comparative Pathology is distributed equally between Pathology (Group 02: Preclinical Medicine) and Clinical Veterinary Medicine (Group 09). Other distributions between two or more Departments do not involve division between UGC Groups.

5. Postgraduate Student Load: Tables 80/AS/23 and 24 All postgraduates returnable to the Universities Statistical Record as part of the annual postgraduate return based at 31 December were included with the exception of those who, before 31 December, were approved for degrees or other qualifications or had withdrawn from the Register of Graduate Students.

The Students were counted according to the Departments in which they were working on their postgraduate course. These Departments were then assigned to a UGC Group (see Appendix). Graduate Students working in non-University Institutions were all coded as not full-time. Full-time students were counted as a load of '1'. Students coded as other than full-time and given an appropriate code (according to the definition attached as Appendix) were counted as '0.5'.

6. Differences between Provisional and Final Figures

(i) Students expected to matriculate who did not do so.
(ii) Students expected to return for a postgraduate course who did not do so.
(iii) Graduate Students approved for degrees or withdrawn from the Register during the second half of the Michaelmas Term.
(iv) Graduate Students who submitted dissertation during the Michaelmas Term moved from full-time to not full-time figures.

7. Postgraduate Courses: Tables 80/AS/17-21 and 25 Taken from registered qualification. If students were not yet registered for a qualification, Ph.D was assumed (by agreement with the Board of Graduate Studies).

8. Distribution of Student Load among Faculties and Departments: Table 80/AS/30 This distribution, derived from undergraduate and postgraduate load tables, is designed to show teaching load as accurately as possible, and is made according to rules determined by the General Board.

80/AS/1

POSTGRADUATE STUDENT LOAD 1980-81 - SUMMARY

80/AS/23

Categories of students who are not full-time

21 - Graduate Student/member of staff/in residence
22 - Graduate Student/research assistant/in residence
23 - Graduate Student/4th or higher year/in residence
41 - Graduate Student/member of staff/not in residence
42 - Graduate Student/research assistant/not in residence
43 - Graduate Student/in non-University Institution
44 - Graduate Student/1st, 2nd, 3rd year/not in residence
45 - Graduate Student/4th or higher year/not in residence
51 - Student/intermitting
52 - Student/dissertation submitted, re-submitted.

UGC DEFINITION A

## UNDERGRADUATE/POSTGRADUATE COURSES

1. All courses are postgraduate courses with the exception of the following which are considered to be UNDERGRADUATE courses by the University Grants Committee:

(a) DEGREES (5)

B.A.; B.Ed; Mus.B; M.B; B.Chir; Vet.MB

(b) DIPLOMAS (1)

Diploma in Architecture

(c) CERTIFICATES (4)

Advanced Study in Mathematics (Maths. Tripos Part III)
Advanced Study in Chemical Engineering ( Chem. Eng. Tripos Pt II)
Advanced Study in Manufacturing Technology (Production Eng. Tripos Part II)
Competent Knowledge in a Modern Language

(d) GRADUATES OFFERING ANY OTHER TRIPOS

NOTE: In some cases, the candidates for these courses are graduates (eg Vet.MB). Nevertheless, they are considered to be on undergraduate courses by the UGC, who state that "medical and veterinary students should be regarded as undergraduates until they obtain their registrable medical or veterinary qualifications, even though they may obtain a B.A or B.Sc degree during the course of their studies; the same rule should apply to architecture students who obtain a bachelor's degree on the way to their architectural qualification. (However), students in a training department for teachers who, after completing a first degree or first diploma course, are receiving their professional training should be regarded as postgraduates".

(Note 4 of the UGC notes for guidance on completion of Form 2 (1970-71), p. 2).

2. POSTGRADUATE courses for UGC purposes include the following:-

(a) DEGREES — Ph.D; M.Litt; M.Sc; M.Phil; LL.B*

(b) DIPLOMAS

Computer Science*
Classical Archaeology*
Development Studies*
Economics
English Studies
Historical Studies
International Law
Legal Studies
Mathematical Statistics*
Nutrition

Theology

(c) CERTIFICATES

Education*
Postgraduate Study in Chemical Engineering
Postgraduate Study in Engineering
Postgraduate Study in Natural Science

NOTE: An asterisk denotes that candidates need not register as Graduate Students.

# SCIENCE-BASED/ARTS-BASED

## 1. Science-based

| U.G.C. GROUP | Cambridge Faculties, Departments etc. |
|---|---|
| (02) Preclinical Medicine | ANATOMY<br>BIOCHEMISTRY<br>PATHOLOGY<br>PHARMACOLOGY<br>PHYSICAL ANTHROPOLOGY<br>PHYSIOLOGY |
| (03) Clinical Medicine* | CLINICAL MEDICINE<br>PARASITOLOGY |
| (06) Engineering | CHEMICAL ENGINEERING<br>ENGINEERING<br>METALLURGY & MATERIALS SCIENCE |
| (07) Other technologies | AERIAL PHOTOGRAPHY<br>SCOTT POLAR RESEARCH INSTITUTE |
| (09) Veterinary Sciences* | CLINICAL VETERINARY MEDICINE |
| (10) Biological Sciences | APPLIED BIOLOGY<br>BOTANIC GARDEN<br>BOTANY<br>GENETICS<br>ZOOLOGY |
| (11) Mathematics | APPLIED MATHEMATICS AND THEORETICAL PHYSICS<br>COMPUTER LABORATORY<br>MATHEMATICS<br>PURE MATHEMATICS AND MATHEMATICAL STATISTICS |
| (12) Physical Sciences | EARTH SCIENCES<br>ORGANIC AND INORGANIC CHEMISTRY<br>PHYSICS<br>PHYSICAL CHEMISTRY<br>INSTITUTE OF ASTRONOMY |
| (15) Architecture and Town Planning | ARCHITECTURE<br>LAND ECONOMY |

* Note that preclinical Medical and Veterinary students are not shown here but under their various departments in other Groups.

2. Arts-based

| U.G.C. GROUP | Cambridge Faculties, Department etc. |
|---|---|
| (01) Education | EDUCATION<br>(including Certificate, B.Ed. B.A(Hons) Ed) |
| (14) Social Studies | APPLIED ECONOMICS<br>CRIMINOLOGY<br>ECONOMICS AND POLITICS<br>EXPERIMENTAL PSYCHOLOGY<br>GEOGRAPHY<br>HISTORY AND PHILOSOPHY OF SCIENCE<br>LAW<br>OVERSEAS STUDIES<br>SOCIAL ANTHROPOLOGY<br>SOCIAL AND POLITICAL SCIENCES |
| (17) Arts | AFRICAN STUDIES<br>ANGLO-SAXON<br>ARCHAEOLOGY<br>CLASSICS<br>CLASSICAL ARCHAEOLOGY<br>DIVINITY<br>ENGLISH<br>FRENCH<br>GERMAN<br>HISTORY<br>HISTORY OF ART<br>ITALIAN<br>LATIN AMERICAN STUDIES<br>LINGUISTICS<br>MODERN AND MEDIEVAL LANGUAGES<br>MUSIC<br>OTHER LANGUAGLS<br>ORIENTAL STUDIES<br>PHILOSOPHY<br>SCANDINAVIAN STUDIES<br>SLAVONIC STUDIES<br>SPANISH<br>SOUTH ASIAN STUDIES |

3. Non-University Institutions

For the purpose of calculating student load, Graduate Students working in the institutions listed below are allocated to the various UGC Subject Groups (and subsequently to the Arts/Science sub-totals) on the basis of their Degree Committees, as follows:-

| Non-University Institution | Degree Committee | UGC Subject Group |
|---|---|---|
| 1) Animal Physiology (ARC) | Biology B<br>Biology A<br>Physics and Chemistry<br>Medicine | Preclinical Medicine<br>Biological Sciences<br>Physical Sciences<br>Clinical Medicine |
| 2) Applied Psychology (MRC) | Biology B | Preclinical Medicine |
| 3) Development Botany (ARC) | Biology A | Biological Sciences |
| 4) Dunn Nutritional Lab. (MRC) | Biology A<br>Biology B<br>Medicine | Biological Sciences<br>Preclinical Medicine<br>Clinical Medicine |
| 5) Biochemical Parasitology (MRC) | Biology A<br>Biology B<br>Medicine | Biological Sciences<br>Preclinical Medicine<br>Clinical Medicine |
| 6) Molecular Biology (MRC) | Biology A<br>Biology B<br>Physics and Chemistry<br>Medicine | Biological Sciences<br>Preclinical Medicine<br>Physical Sciences<br>Clinical Medicine |
| 7) Plant Breeding Institute (ARC) | Biology A<br>Biology B | Biological Sciences<br>Preclinical Medicine |
| 8) Reproductive Physiology and Biochemistry (ARC) | Biology A<br>Biology B | Biological Sciences<br>Preclinical Medicine |
| 9) Strangeways Research Lab (MRC) | Biology B | Preclinical Medicine |
| 10) Algae and Protozoa Culture Centre (NERC) | Biology A | Biological Sciences |
| 11) Molecular Pharmacology (MRC) | Biology B<br>Physics and Chemistry | Preclinical Medicine<br>Physical Sciences |
| 12) Neurochemical Pharmacology (MRC) | Biology B | Preclinical Medicine |
| 13) Abnormal Haemoglobin (MRC) | Biology B | Preclinical Medicine |
| 14) Equine Research Station | Medicine | Veterinary Science |
| 15) Development and Integration of Behaviour (MRC) | Biology A | Biological Sciences |

Non-University Institutions continued

| | | |
|---|---|---|
| 16) Invertebrate Chemistry and Physiology (ARC) | Biology A | Biological Sciences |
| 17) Monks Wood Experimental Station | Biology A | Biological Sciences |
| 18) British Antarctic Survey | Geography and Geology | Physical Sciences |
| 19) Brooms Barn Experimental Station | Biology A | Biological Sciences |
| 20) Houghton Poultry Research Station | Biology A | Biological Sciences |
| 21) Fulbourn Hospital | Medicine | Clinical Medicine |

The rule for load allocation in these institutions is therefore:-

| | | |
|---|---|---|
| Biology A | UGC Group (10) | Biological Sciences |
| Biology B | " " (02) | Preclinical Medicine |
| Physics and Chemistry | " " (12) | Physical Sciences |
| Medicine | " " (03) | Clinical Medicine |
| Geography | " " (14) | Social Studies |
| Geology | " " (12) | Physical Sciences |

The sole exception to this rule is the Equine Research Station whose students are allocated to UGC Group (09) - Veterinary Sciences regardless of their Degree Committee.

# POSTGRADUATE STUDENTS - FULL/NOT FULL-TIME DEFINITION

The records of all Postgraduate students on the computer (Main File) will be classified FULL-TIME (Code 10) for the purposes of UGC and USR returns with the following exceptions:

Students who are actively engaged on courses of research or other postgraduate work IN RESIDENCE during the Michaelmas Term in which the count is taken should be coded:

21 if holding an established University post
22 if research assistants financed from Research Council Grants or Research contracts
23 if in 4th or subsequent year of their current course of study

Students who are actively engaged on courses of research or other postgraduate work, with formal leave to work OUT OF RESIDENCE during the Michaelmas Term in which the count is taken should be coded:

41 if holding an established University post
42 if research assistants financed from Research Council Grants or Research contracts
43 if working in a non-University institution**
44 if in 1st, 2nd or 3rd year of their current course of study
45 if in 4th or subsequent year of their current course of study

Students who are no longer actively engaged on courses of research or other postgraduate work during the Michaelmas Term in which the count is taken should be coded:

51 if intermitting their course of study during the Michaelmas Term in which the count is taken
52 if submitted/re-submitted dissertation before the end of the Michaelmas Term in which the count is taken

** Note: All Graduate Students working in non-University institutions are for this purpose considered to be OUT OF RESIDENCE

The following students are excluded from the count:

- A student whose date of admission to research (or other postgraduate) course is later than 31 December of the year to which the count relates.
- A student who has been approved for the qualification for which he is registered (or who has withdrawn) before 31 December of the year to which the count relates.
- Students returned to USR on the IDU/1 and IDU/2 returns, (ie Undergraduates).

University Registry
31 December 1977

# RESEARCH : TAUGHT COURSES

All courses are 'Taught', with the following exceptions which are RESEARCH courses:

| | |
|---|---|
| DEGREES | Ph.D; M.Litt; M.Sc. |
| DIPLOMAS | Historical Studies<br>International Law<br>Legal Studies |
| CERTIFICATES | Postgraduate Study in: |
| | Natural Science:- |
| | Chemical Microbiology<br>Chemistry<br>Metallurgy<br>Physics |
| | Engineering:<br>Chemical Engineering |
