" " C : Full-time/Not Full-time
" " D : Research/Taught Courses

Notes on Statistical Tables 1982-83

1. UGC definitions (attached as appendices) have been used throughout unless otherwise stated.

2. Overseas students are those who are overseas for the purpose of fees according to the 1967 UGC definition and includes EEC students paying the home rate of University Fees.

3. Undergraduate numbers: Table 82/AS/11 All undergraduates in residence were counted. Distribution between subject differs from load distribution as follows: third year medical and veterinary students were included under the headings 'Medicine' or 'Veterinary Medicine' irrespective of the Tripos examination for which they were entered; candidates for the Qualifying Examination in Education were included under the heading 'Education' (although the majority take papers from other Tripos examinations). All other students were included under the heading most appropriate to the broad subject of their examination entry.

4. Undergraduate Student Load: Tables 82/AS/13 and 14 All undergraduates in residence were counted. The calculating of student load differs from the method used for counting student numbers in the following respects:

   (i) Third year medical and veterinary students entered for examinations other than medicine were counted as a load on the Faculty/Department appropriate to the Tripos examination for which they were entered.

   (ii) Candidates for the Qualifying Examination in Education were counted as a load of 0.33 on the Department of Education and 0.67 on the Department(s) appropriate to the Tripos papers the candidate was offering or the special papers (not from a Tripos) which certain candidates were offering.

   (iii) Candidates for Triposes such as English or History were counted as a load of '1' on the Faculty/Department concerned.

   (iv) Other candidates were counted as fractional load on Departments appropriate to the papers they were offering. Thus, a candidate for Part IA of the Natural Sciences Tripos offering Chemistry, Crystalline Materials, Physics and Mathematics was counted as a load of 0.25 on Chemistry, 0.25 on Physics, 0.25 on Mathematics, 0.125 on Mineralogy and Petrology, 0.125 on Metallurgy and Materials Science; i.e. a load of 0.625 on UGC Group 12 (Physical Sciences). 0.125 on UGC Group 06 (Engineering) and 0.25 on UGC Group 11 (mathematics) - results being given to one place of decimals.

   (v) To show teaching load on Departments as accurately as possible - the load of Crystalline Materials is distributed equally between Mineralogy and Petrology and Metallurgy and Materials Science, i.e. Group 12 (Physical Sciences) and Group 06 (Engineering); the load of Biology of Cells is distributed equally among Botany, Genetics, Zoology and Biochemistry, i.e. 0.75 to Biological Sciences and 0.25 to Preclinical Medicine. Elementary Mathematics for Biologists and Biological Mathematics are distributed equally between Mathematics (Group 11) and Applied Biology (Group 10: Biological Sciences); Comparative Pathology is distributed equally between Pathology (Group 02: Preclinical Medicine) and Clinical Veterinary Medicine (Group 09). Other distributions between two or more Departments do not involve division between UGC Groups.

5. Postgraduate Student Load: Tables 82/AS/25 and 26 All postgraduates returnable to the Universities Statistical Record as part of the annual postgraduate return based at 31 December were included with the exception of those who, before 31 December, were approved for degrees or other qualifications or had withdrawn from the Register of Graduate Students.

The Students were counted according to the Departments in which they were working on their postgraduate course. These Departments were then assigned to a UGC Group (see Appendix). Graduate Students working in non-University Institutions were all coded as not full-time. Full-time students were counted as a load of '1'. Students coded as other than full-time and given an appropriate code (according to the definition attached as Appendix) were counted as '0.5'.

6. Differences between Provisional and Final Figures

(i) Students expected to matriculate who did not do so.
(ii) Students expected to return for a postgraduate course who did not do so.
(iii) Graduate Students approved for degrees or withdrawn from the Register during the second half of the Michaelmas Term.
(iv) Graduate Students who submitted dissertation during the Michaelmas Term moved from full-time to not full-time figures.

7. Postgraduate Courses: Tables 82/AS/17-21 Taken from registered qualification. If students were not yet registered for a qualification, Ph.D was assumed (by agreement with the Board of Graduate Studies).

8. Distribution of Student Load among Faculties and Departments: Table 82/AS/31
This distribution, derived from undergraduate and postgraduate load tables, is designed to show teaching load as accurately as possible, and is made according to rules determined by the General Board.

UGC DEFINITION A

UNDERGRADUATE/POSTGRADUATE COURSES

1. All courses are postgraduate courses with the exception of the following which are considered to be UNDERGRADUATE courses by the University Grants Committee:

(a) DEGREES (5)

B.A.; B.Ed; Mus.B; M.B; B.Chir; Vet.MB

(b) DIPLOMAS (1)

Diploma in Architecture

(c) CERTIFICATES (4)

Advanced Study in Mathematics (Maths. Tripos Part III)
Advanced Study in Chemical Engineering (Chem. Eng. Tripos Pt II)
Advanced Study in Manufacturing Technology (Production Eng. Tripos Part II)

Competent Knowledge in a Modern Language

(d) GRADUATES OFFERING ANY OTHER TRIPOS

NOTE: In some cases, the candidates for these courses are graduates (eg Vet.MB). Nevertheless, they are considered to be on undergraduate courses by the UGC, who state that "medical and veterinary students should be regarded as undergraduates until they obtain their registrable medical or veterinary qualifications, even though they may obtain a B.A or B.Sc degree during the course of their studies; the same rule should apply to architecture students who obtain a bachelor's degree on the way to their architectural qualification. (However), students in a training department for teachers who, after completing a first degree or first diploma course, are receiving their professional training should be regarded as postgraduates".

(Note 4 of the UGC notes for guidance on completion of Form 2 (1970-71), p. 2).

2. POSTGRADUATE courses for UGC purposes include the following:-

(a) DEGREES — Ph.D; M.Litt; M.Sc; M.Phil; LL.B*

(b) DIPLOMAS

Computer Science*
Classical Archaeology*
Development Studies
Economics
English Studies
Historical Studies
International Law
Legal Studies
Mathematical Statistics*
Nutrition

Theology

(c) CERTIFICATES

Education*
Postgraduate Study in Chemical Engineering
Postgraduate Study in Engineering
Postgraduate Study in Natural Science

NOTE: An asterisk denotes that candidates need not register as Graduate Students.

UGC DEFINITION B

SCIENCE-BASED/ARTS-BASED

1. Science-based

U.G.C. GROUP		Cambridge Faculties, Departments etc.
(02)	Preclinical Medicine	ANATOMY BIOCHEMISTRY PATHOLOGY PHARMACOLOGY PHYSICAL ANTHROPOLOGY PHYSIOLOGY
(03)	Clinical Medicine*	CLINICAL MEDICINE PARASITOLOGY
(06)	Engineering	CHEMICAL ENGINEERING ENGINEERING METALLURGY & MATERIALS SCIENCE
(07)	Other technologies	AERIAL PHOTOGRAPHY SCOTT POLAR RESEARCH INSTITUTE
(09)	Veterinary Sciences*	CLINICAL VETERINARY MEDICINE
(10)	Biological Sciences	APPLIED BIOLOGY BOTANIC GARDEN BOTANY GENETICS ZOOLOGY
(11)	Mathematics	APPLIED MATHEMATICS AND THEORETICAL PHYSICS COMPUTER LABORATORY PURE MATHEMATICS AND MATHEMATICAL STATISTICS
(12)	Physical Sciences	EARTH SCIENCES ORGANIC AND INORGANIC CHEMISTRY PHYSICS PHYSICAL CHEMISTRY INSTITUTE OF ASTRONOMY
(15)	Architecture and Town Planning	ARCHITECTURE LAND ECONOMY

* Note that preclinical Medical and Veterinary students are not shown here but under their various departments in other Groups.

2. Arts-based

U.G.C. GROUP		Cambridge Faculties, Department etc.
(01)	Education	EDUCATION (including Certificate, B.Ed. B.A(Hons) Ed)
(14)	Social Studies	APPLIED ECONOMICS CRIMINOLOGY ECONOMICS AND POLITICS EXPERIMENTAL PSYCHOLOGY GEOGRAPHY HISTORY AND PHILOSOPHY OF SCIENCE LAW OVERSEAS STUDIES SOCIAL ANTHROPOLOGY SOCIAL AND POLITICAL SCIENCES
(17)	Arts	AFRICAN STUDIES ANGLO-SAXON ARCHAEOLOGY CLASSICS CLASSICAL ARCHAEOLOGY DIVINITY ENGLISH FRENCH GERMAN HISTORY HISTORY OF ART ITALIAN LATIN AMERICAN STUDIES LINGUISTICS MODERN AND MEDIEVAL LANGUAGES MUSIC OTHER LANGUAGES ORIENTAL STUDIES PHILOSOPHY SCANDINAVIAN STUDIES SLAVONIC STUDIES SPANISH SOUTH ASIAN STUDIES

3. Non-University Institutions

For the purpose of calculating student load, Graduate Students working in the institutions listed below are allocated to the various UGC Subject Groups (and subsequently to the Arts/Science sub-totals) on the basis of their Degree Committees, as follows:-

Non-University Institution	Degree Committee	UGC Subject Group
1) Animal Physiology (ARC)	Biology B	Preclinical Medicine
	Biology A	Biological Sciences
	Physics and Chemistry	Physical Sciences
	Medicine	Clinical Medicine
2) Applied Psychology (MRC)	Biology B	Preclinical Medicine
3) Development Botany (ARC)	Biology A	Biological Sciences
4) Dunn Nutritional Lab. (MRC)	Biology A	Biological Sciences
	Biology B	Preclinical Medicine
	Medicine	Clinical Medicine
5) Biochemical Parasitology (MRC)	Biology A	Biological Sciences
	Biology B	Preclinical Medicine
	Medicine	Clinical Medicine
6) Molecular Biology (MRC)	Biology A	Biological Sciences
	Biology B	Preclinical Medicine
	Physics and Chemistry	Physical Sciences
	Medicine	Clinical Medicine
7) Plant Breeding Institute (ARC)	Biology A	Biological Sciences
	Biology B	Preclinical Medicine
8) Reproductive Physiology and Biochemistry (ARC)	Biology A	Biological Sciences
	Biology B	Preclinical Medicine
9) Strangeways Research Lab (MRC)	Biology B	Preclinical Medicine
10) Algae and Protozoa Culture Centre (NERC)	Biology A	Biological Sciences
11) Molecular Pharmacology (MRC)	Biology B	Preclinical Medicine
	Physics and Chemistry	Physical Sciences
12) Neurochemical Pharmacology (MRC)	Biology B	Preclinical Medicine
13) Abnormal Haemoglobin (MRC)	Biology B	Preclinical Medicine
14) Equine Research Station	Medicine	Veterinary Science
15) Development and Integration of Behaviour (MRC)	Biology A	Biological Sciences

Non-University Institutions continued

16) Invertebrate Chemistry and Physiology (ARC)	Biology A	Biological Sciences
17) Monks Wood Experimental Station	Biology A	Biological Sciences
18) British Antarctic Survey	Geography and Geology	Physical Sciences
19) Brooms Barn Experimental Station	Biology A	Biological Sciences
20) Houghton Poultry Research Station	Biology A	Biological Sciences
21) Fulbourn Hospital	Medicine	Clinical Medicine

The rule for load allocation in these institutions is therefore:-

Biology A	UGC Group (10)	Biological Sciences
Biology B	" " (02)	Preclinical Medicine
Physics and Chemistry	" " (12)	Physical Sciences
Medicine	" " (03)	Clinical Medicine
Geography	" " (14)	Social Studies
Geology	" " (12)	Physical Sciences

The sole exception to this rule is the Equine Research Station whose students are allocated to UGC Group (09) - Veterinary Sciences regardless of their Degree Committee.

POSTGRADUATE STUDENTS - FULL/NOT FULL-TIME DEFINITION

The records of all Postgraduate students on the computer (Main File) will be classified FULL-TIME (Code 10) for the purposes of UGC and USR returns with the following exceptions:

Students who are actively engaged on courses of research or other postgraduate work IN RESIDENCE during the Michaelmas Term in which the count is taken should be coded:

21 if holding an established University post
22 if research assistants financed from Research Council Grants or Research contracts
23 if in 4th or subsequent year of their current course of study

Students who are actively engaged on courses of research or other postgraduate work, with formal leave to work OUT OF RESIDENCE during the Michaelmas Term in which the count is taken should be coded:

41 if holding an established University post
42 if research assistants financed from Research Council Grants or Research contracts
43 if working in a non-University institution**
44 if in 1st, 2nd or 3rd year of their current course of study
45 if in 4th or subsequent year of their current course of study

Students who are no longer actively engaged on courses of research or other postgraduate work during the Michaelmas Term in which the count is taken should be coded:

51 if intermitting their course of study during the Michaelmas Term in which the count is taken
52 if submitted/re-submitted dissertation before the end of the Michaelmas Term in which the count is taken

** Note: All Graduate Students working in non-University institutions are for this purpose considered to be OUT OF RESIDENCE

The following students are excluded from the count:

- A student whose date of admission to research (or other postgraduate) course is later than 31 December of the year to which the count relates.

- A student who has been approved for the qualification for which he is registered (or who has withdrawn) before 31 December of the year to which the count relates.

- Students returned to USR on the IDU/1 and IDU/2 returns, (ie Undergraduates).

University Registry
31 December 1977

RESEARCH : TAUGHT COURSES

All courses are 'Taught', with the following exceptions which are RESEARCH courses:

DEGREES — Ph.D; M.Litt; M.Sc.

DIPLOMAS
- Historical Studies
- International Law
- Legal Studies

CERTIFICATES — Postgraduate Study in:

Natural Science:-
- Biochemistry
- Chemical Microbiology
- Chemistry
- Metallurgy & Materials Science
- Physics
- Genetics

Engineering
- Chemical Engineering
