Notes on Statistical Tables 1991-92

1. UFC definitions (attached as appendices) have been used throughout unless otherwise stated. The UFC baseline of 31 December 1991 has been used throughout these tables.

2. Overseas students are those who are overseas for the purpose of fees according to the definition on p 207 Statutes and Ordinances 1991.

3. Undergraduate numbers. All undergraduates in residence and Modern Linguists and Oriental Studies students on a compulsory year abroad were counted. Distribution between subjects differs from load distribution as follows: third year pre-clinical medical and veterinary students were included under the headings 'Medicine' or 'Veterinary Medicine' irrespective of the Tripos examination for which they were entered; candidates for the Qualifying Examination in Education were included under the heading 'Education' (although the majority take papers from other Tripos examinations). All other students were included under the heading most appropriate to the broad subject of the examination entry. 7th term clinical medical students are not included in the numbers although they are counted as a load of 0.33.

4. Undergraduate Student Load. All undergraduates in residence were counted. The calculating of student load differs from the method used in counting numbers in the following respects:

   (i) Third year medical and veterinary students entered for examination other than medicine were counted as a load on the Faculty/Department appropriate to the Tripos examination for which they were entered.

   (ii) Modern Linguists and Oriental Studies students spending a compulsory year abroad were counted as a load of 0.5 on the appropriate Faculty although they were included in the numbers as full-time students.

   (iii) Candidates for Triposes such as English or History were counted as a load of 1.0 on the Faculty/Department concerned. Other candidates were counted as fractional load on Departments appropriate to the papers they were offering. Thus a candidate for Part IA of the Natural Sciences Tripos offering Chemistry, Physics, Crystalline Materials, and Mathematics was counted as a load of 0.28 on Chemistry, 0.28 on Physics, 0.14 on Earth Sciences, 0.14 on Materials Science and Metallurgy, 0.14 on Mathematics, and 0.02 on the Computer Laboratory.

   (iv) The detailed calculation of undergraduate load is fairly complex and is based on instructions approved by the General Board. Any queries should be directed to Mr D. Barrington-Light, University Registry in the first instance.

5. Postgraduate Load. All postgraduates returnable to the Universities Statistical Record as part of the annual postgraduate return based at 31 December were included with the exception of those who were approved for degrees or other qualifications or had withdrawn from the Register of Graduate Students before 31 December.

The students were counted according to the Department in which they were working on the postgraduate course/research. These Departments were then assigned to a UFC Cost Centre (see Appendix). Graduate Students working in non-University institutions were all coded as not full-time. Full-time students were counted as a load of 1.0 with the exception of candidates for the Postgraduate Certificate in Design, Manufacture and Management who were counted as 0.75, Articled Teachers who were counted as a load of 0.5, and M.B.A. students who were counted as a load of 1.0 for each term that they were in residence and 0.5 for each term out of residence. Students coded as other than full-time and given an appropriate code (according to the definition attached as Appendix) were counted as 0.5 if coded in the range 21-45, and zero if coded 51 or 52.

6. Postgraduate Courses. Taken from registered qualification. If Graduate Students were not yet registered for a qualification Ph.D. was assumed (by agreement with the Board of Graduate Studies).

7 Distribution of Student Load between Faculties and Departments. This distribution, derived from undergraduate and postgraduate load tables, is designed to reflect FTE student load as accurately as possible, and is made according to rules determined by the General Board. Any queries should be addressed to Mr Barrington-Light in the first instance.

From 1980-90 'Other' refers to the pre-1980 rate of overseas fees. Thereafter it refers to any fee not otherwise specified.
